

2008 OSS Thunderbolt Swim Family Sponsor Incentive Program

The sponsorship program has been established to generate incremental revenues for the Thunderbolt swim team. The revenues generated are used in many ways toward the success of the team. It is used to pay our top notch coaching staff, who give our children the best summer swim experience. It is also used to provide the best equipment and facilities possible.

By bringing in a “new” sponsorship (not a previous team sponsor) for our upcoming season, you will receive a “rebate” to offset your registration fee. Once the team receives a new sponsor check and proposal form indicating that you were involved in obtaining their sponsorship, you will receive a 10% rebate based on the sponsorship level. A \$25 rebate will be given for a \$250 sponsorship and a \$50 rebate for a \$500 sponsorship.

Please consider giving the enclosed sponsorship proposal to a business or individual who would consider sponsoring our team this season.

All sponsorships must be **received** by April 19, 2008
